

TENANT-REP PARTNERSHIP

A free value-add service!

Your Clients Need It, We Have It

All of your clients need voice and Internet. They expect you to be the expert in all things. Let us take the telecom portion off your plate.

Our business model is identical to yours - We're telecom brokers who work with clients **free of charge**. We introduce them to providers that meet their needs and negotiate the best rates possible. We project manage the installation and provide free on-going support.

When To Use Us

- 1. Final Tenant Tour** - Request Telecom Availability Reports before the tour so that you can be in the know.
- 2. Closing Leases** - Introduce us in a three-way email. We'll make sure your client moves in on-time and under budget.
- 3. Client has IT?** - Even better, introduce us! We speak the same language.

Consultation

We help your client navigate the best voice and Internet options available.

Install

We'll follow the install process from order submission to activation.

Introductions

It's simple. Introduce us in a three-way email. We'll take it from there.

Earn Commission

You'll earn some fun money, while your client still saves on average 30%!

We Can Help With

- SETTING UP BUSINESS WIFI
- REPLACING OLD PHONE SYSTEMS
- CHECKING FOR FIBER AVAILABILITY
- TEMPORARY SERVICES FOR QUICK OFFICE MOVES
- FINDING PROVIDERS BESIDES AT&T OR SPECTRUM
- KEEPING YOUR PHONE NUMBER WHEN YOU MOVE

What Our Partners Are Saying...

"After almost losing a deal, TTA salvaged it for me. TTA assured my client they could get dedicated fiber brought in, waive install fees, and get the tenant up and running on time. They saved my client thousands of dollars on their telecom annually.

When the deal was done my client asked me "Where did you find these people!"

- Jim Meaney, CBRE
