

INVESTOR PARTNERSHIP

Add to the return on your investment!

Increase Marketability and ROI

Internet infrastructure should be a top consideration for new investment properties. Team TTA can work with you to ensure your investment property has up to date technology. We'll assist in bringing in an all inclusive solution so tenants are move in ready, doing it in a way that ownership will recoup all costs.

Ask us how we can increase your ROI by \$.04 per square foot!

When To Contact Us

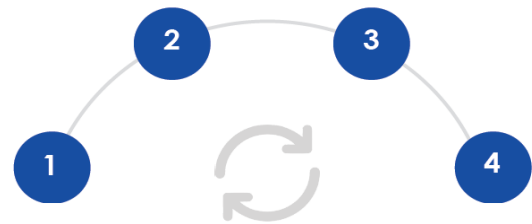

- 1. Land Parcels** - We can help you design the conduit infrastructure. Let's chat!
- 2. Rural Areas** - There are less internet options outside of urban areas. We can help.
- 3. Fiber** - Is it there already? Can it be brought in? Cost? Install timeline? You have questions, we have answers.
- 4. Separating Assets** - Do you need to move or split and MPOE? Call us!

Improve

Free consultation to discuss telecom ways to improve upon your property.

Install

We'll handhold the installation and can provide temporary options.

Request

It's simple. Email us an address and we'll create a Telecom Availability Report.

Earn Commission

You'll earn some fun money, while your client gets guaranteed lowest rates.

We Can Help With

- BRINGING IN FIBER AT LITTLE TO NO COST
- TEMPORARY SERVICES FOR QUICK OFFICE MOVES
- FINDING PROVIDERS BESIDES AT&T OR SPECTRUM
- SETTING UP VOICE AND INTERNET
- SMART BUILDING CLASSIFICATION
- MOVING THE MPOE

What recent polls are saying...

"Ninety-one percent of public officials questioned selected infrastructure, including telecom, making it the top factor when it comes to real estate investments and developments. Private leaders rated infrastructure as the second highest priority with consumer demand ranking as the top factor."
